Dieses Buch beschreibt meinen Weg zur Rennstrecke und vermittelt einen Einblick, warum es sinnvoll ist, mit dem Motorrad auf einer Rennstrecke zu fahren. Zudem gibt es Tipps und Tricks zum Fahren auf der Rennstrecke. In dem Kapitel Fit für die Rennstrecke habe ich Euch ein Fitnessprogramm zusammengestellt und im Kapitel 8 gibt es ein paar persönliche Rennstreckenempfehlungen. Viel Spaß beim Lesen und es wäre schön, wenn noch mehr Biker und Bikerinnen ihr Hobby auf der Rennstrecke ausleben würden, denn nur dort kann man meiner Meinung nach die Fahrdynamik und das Leistungspotenzial der heutigen Supersportler wirklich erleben... MfG Dirk Kissenbeck

Moving to a new Amish settlement in small-town Colorado was a brave new start for independent-minded quiltmaker Esther Kiem. But helping her reckless relative will really put her special matchmaking skills to the test . . . Mischievous and rebellious, young Ben Kiem is making the wrong kind of name for himself throughout the town of Byler. And even though his sister-in-law, Esther, somehow coaxes him into keeping company with sensible Linda Eicher, Ben can't see anything they have in common. Or that he could ever be good enough for someone like her. But Linda's down-to-earth nature and unexpected understanding have Ben trying his best to be better, no matter how challenging . . . Linda couldn't be more surprised when Ben turns out to be caring and helpful, despite his rowdy pranks and bad-news friends. And falling in love with him suddenly seems just right. But when a heartbreaking misunderstanding comes between them, both she and Ben must risk enough to trust, stitch the pieces back together—and dare a forever precious happiness. Praise for Jennifer Beckstrand and Abraham "This is an endearing romance that fans of Wanda Brunstetter will love." —Publishers Weekly

If it's Purple, Someone's Gonna Die is a must-read book for all film students, film professionals, and others interested in filmmaking. This enlightening book guides filmmakers toward making the right color selections for their films, and helps movie buffs understand why they feel the way they do while watching movies that incorporate certain colors. Guided by her twenty-five years of research on the effects of color on behavior, Bellantoni has grouped more than 60 films under the spheres of influence of six major colors, each of which triggers very specific emotional states. For example, the author explains that films with a dominant red influence have themes and characters that are powerful, lusty, defiant, anxious, angry, or romantic and discusses specific films as examples. She explores each film, describing how, why, and where a color influences emotions, both in the characters on screen and in the audience. Each color section begins with an illustrated Home Page that includes examples, anecdotes, and tips for using or avoiding that particular color. Conversations with the author's colleagues-- including award-winning production designers Henry Bumstead (Unforgiven) and Wynn Thomas (Malcolm X) and renowned cinematographers Roger Deakins (The Shawshank Redemption) and Edward Lachman (Far From Heaven)--reveal how color is often used to communicate what is not said. Bellantoni uses her research and experience to demonstrate how powerful color can be and to increase readers awareness of the colors around us and how they make us feel, act, and react. *Learn how your choice of color can influence an audience's moods, attitudes, reactions, and interpretations of your movie's plot *See your favorite films in a new light as the author points out important uses of color, both instinctive and intentional *Learn how to make good color choices, in your film and in your world.
