A special 20th anniversary edition of the beloved international bestseller that changed millions of lives Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He reconnected with Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class:" lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

Film is an art form with a language and an aesthetic all its own, and since 1979 David Bordwell and Kristin Thompson's Film Art has been the most respected introduction to the art and analysis of cinema. In the new seventh edition, Film Art continues its commitment to providing the best introduction to the fundamentals of serious film study - images throughout the book are collected from actual film frames, not from production stills or advertising photos - but the book has been extensively re-designed to improve readability and teachability. Additionally, the text can be packaged with the award-winning Film, Form, and Culture CD-ROM, and is supported by an extensive Instructor's Manual and text-specific website.

Designed for introduction to art courses, this text covers art history and looks at art from the oldest cultures and from around the world.

Intended to provide a basic overview of the major artistic disciplines - drawing, painting, printmaking, photography, sculpture, architecture, music, theatre, cinema, dance, and literature - the book teaches readers what to look and listen for in the humanities.
