The Audio Innovations Series 800C Preamp is a simple, effective and good sounding pre. However, it does have one major weakness and this is the power supply which is a little noisy. This holds the sound quality back somewhat. To combat this we replace the electrolytic smoothing capacitors with t.. £499.00

Up for sale are a pair of superb Audio Innovations series 1000 mk3 monoblocks. These are reputedly the best version of the 1000 monoblocks and have the most sorted version of that circuit. They run in pure class A push pull configuration and can produce 50 watts a channel. They will drive the vast majority of loudspeakers out there.
