The book is ideal for persons interested in trying to understand aural perception in audio and psycho-acoustics. Although the book is slightly too fundamental for me but it does cover quite in detail on basics in audio critical listening and music reproduction.

### AudioProductionCriticalListening(Audio Production Critical ...

Critical listening, and analytical listening are two basic ways to listen to music productions when working on them professionally. These two methods of interpreting recordings are the foundation for all of your music production work. The purpose of this audio program is to distinguish the two different methods of listening and how you use them.

### Critical Listening vs. Analytical Listening
