MIDMARK M9 MANUAL Pdf Download | ManualsLib

The M11 is the largest member of the Ritter family of autoclaves. Its unique 11" x 18" chamber gives it the distinction of having the largest sterilizing capacity of any standard counter-top sterilizer on the market, making it perfect for larger packs and instruments.

Midmark/Ritter M11 UltraClave Automatic Sterilizer

The Midmark M11D Autoclave Manual Sterilizer offers easy, effective sterilization but without the convenience of a door that opens automatically. One button starts the cycle... but at the end of the automatic sterilization process, you need to manually open the door within 30 minutes of completion to activate the dry cycle.

Midmark M11D Autoclave | Midmark Autoclave

The M9D has a manual door that DOES NOT open automatically after the sterilization cycle has completed. If you want the automatic door, check out the M9. The Midmark M9 UltraClave Automatic Sterilizer's smaller footprint still drives your efficiency. This sterilizer is designed to optimize sterilization output ⓘ red
