was the billionaire financier and close confidant of presidents, prime ministers, movie stars and British royalty, the mysterious self-made man who rose from blue-collar Brooklyn to the heights of luxury. But while he was flying around the world on his private jet and hosting lavish parties at his private island in the Caribbean, he also was secretly masterminding an international child sex ring—one that may have involved the richest and most influential men in the world. The conspiracy of corruption was an open secret for decades. And then this summer, it all came crashing down. After his arrest on sex trafficking charges in July, it seemed Epstein's darkest secrets would finally see the light. But hopes for true justice were shattered on August 10 this year, when he was found dead in his cell at the Metropolitan Correctional Center, New York. The verdict: suicide. The timing: convenient, to say the least. Now, Epstein: Dead Men Tell No Tales delivers bombshell new revelations, uncovers how the man President Trump once described as a "terrific guy" abused hundreds of underage girls at his mansions in Palm Beach and Manhattan... all while entertaining the world's most powerful men—including President Clinton, Prince Andrew, and Donald Trump himself. How much did they know about his perversions? And did they take part? How might they have helped him to continue his abuse, and to escape justice for it? What responsibility might they have for his

sudden, shocking death? And is there a shocking spy and blackmail story at the heart of the scandal? The answers to these questions and more will be explored in Epstein: Dead Men Tell No Tales with groundbreaking new reporting, never-before-seen court files, and interviews with new witnesses and confidants. Combining the very best investigative reporting from investigative journalists Dylan Howard, Melissa Cronin and James Robertson—who have been covering the case for close to a decade—will send shockwaves through the highest levels of the establishment.

You've read the Jeffrey Epstein headlines, now get the full story. The world's bestselling author, James Patterson, has written the definitive book on the billionaire pedophile at the center of the newly unsealed federal sex crimes case. Jeffrey Epstein rose from humble origins into the New York City and Palm Beach elite. A college dropout with an instinct for numbers -- and for people -- Epstein amassed his wealth through a combination of access and skill. But even after he had it all, Epstein wanted more. That unceasing desire -- and especially a taste for underage girls -- resulted in sexual-abuse charges, to which he pleaded guilty and received a shockingly lenient sentence. Included here are police interviews with girls who have alleged sexual abuse by Epstein, as well as details of the

Advocate and abolitionist Conchita Sarnoff risked her life to tell the truth about a Wall Street billionaire hedge fund manager who is now a level-3 registered sex offender. TraffickKing uncovers a child sex trafficking case of epic proportions and the longest-running human trafficking case in U.S. legal history—more poignant than the Lewinsky case, Watergate scandal, and Profumo affair combined. Eleven years after the registered level-3 sex offender was arrested, four cases associated with his 2005 criminal investigation remain open. The pedophile was not prosecuted under The Trafficking Victims Protection Act (TVPA), a law enacted in Florida in 2000. In this gripping exposé, Sarnoff finds out why. TraffickKing is a true story exposing the dark side of the human condition: avarice, lust, power, and influence peddling at the highest levels of government.
