Global Health in Times of Violence 1. For those—the countless many—who live in regions of the world ridden with conflict, insecurity, oppression, and (all too often) great poverty, these truly must seem like dark times. Even for those of us privileged (and lucky) to live in areas of relative peace and prosperity, violence

Global health supply chains face unprecedented stresses in time of unprecedented need. A smooth-running global health supply chain is always essential, yet a once-in-a-century pandemic has challenged it like no other time. Understanding those challenges and exploring ways to boost resilience are among the key topics of this year's Global Health Supply Chain Summit, a three-day event that kicks off Tuesday, Nov. 17.
