~~How We Became Human — Joy Harjo~~

How We Became Human (W.W. Norton, 2002) offers an introduction to her poetry over the first 26 years of her career, including poems from her groundbreaking book *She Had Some Horses* (Thunder's Mouth Press, 1983). "To read the poetry of Joy Harjo is to hear the voice of the earth, to see the landscape of time and timelessness, and, most important, to get a glimpse of people who struggle to understand, to know themselves, and to survive" (Poetry Foundation).

He posits that archaic religion (or "the sacred"), particularly in its dynamics of sacrifice and ritual, is a neglected and major key to unlocking the enigma of "how we became human." French philosopher of science Michel Serres states that Girard's theory provides a Darwinian theory of culture because it "proposes a dynamic, shows an evolution and gives a universal explanation."

~~How we became human — Telegraph~~

How We Became Human: A Challenge to Psychoanalysis tackles the question of what distinguishes human beings from other animals. By interweaving psychoanalysis, biology, physics, anthropology, and philosophy, Julio Moreno advances a novel thesis: human beings are faulty animals in their understanding of the world around them.
