KS1 paper 1 is spelling - a test transcript is to be read by the test administrator, so the questions (fill-in-the-gaps using words read by the test administrator) are very straight forward. Paper 2 is totally different - it has nothing to be read out since all questions are on paper. This product focuses on Paper 1 - Spelling. In order to use this book your computer must be able to play MP3 files. You should listen to the files and then fill in the gaps accordingly. You are expected to spell the missing words correctly. In the real exam, the test administrator is going to read a bunch of sentences. Each sentence has one word missing, and the candidate should listen carefully to the missing word, then fill it in. The test administrator will read the word, then the word within the sentence, then repeat the word a third time. This self practice module is slightly different. For simplicity sake each sentence (including the missing word - there are well over 100 missing words that you need to fill in!) will be read out for 3 times. You are free to replay the files as needed. To increase the level of difficulty, you will find multiple missing words on most questions. We develop practice exercises on our own without referring to any past exam questions. Our material is NOT for simulating the actual exam. The goal of this product is to reinforce learning.
