Very interesting start to the series. The concept of different galaxies is intriguing as is the history of the Kreks and the Oath Forger. This was not a long read, quite short actually - I between a serial and standard novel - so hopefully there is more character development for the Kreks in the next book.

Still faking being the Oath Forger. Yeah, I know. Stupid. You know what's stupider? Falling for The Five. The five hottest, most powerful rulers in the galaxy all want to be my first. Who am I choosing? I'm not stupid enough to spill that in a blurb!

I'm a scavenger. So what? With society's collapse on Earth, I do what I have to for survival. Especially after I'm kidnapped by space pirates. I have no idea why the five most powerful rulers in the universe decide that I'm the Oath Forger, the one foretold to fuse their royal houses together and bring peace. But I'm going to play along. Because, hey, it's better than probes in uncomfortable places. Now let's just hope they don't find out I'm lying.

if he perceives his patient as mentally unstable and a threat to the well-being of another... but is bound by the oath of doctor-patient confidentiality not to warn the police? This true story tracks Moore's race against time to stop the inevitable. BAD KARMA is more than an anatomy of madness; it is also a chronicle of the events that would culminate in a landmark decision handed down by the California Supreme Court. Known simply as Tarasoff, this 1976 ruling would change the oath of confidentiality between therapist and patient, and establish the rule that a mental health professional has the legal duty to protect a threatened individual.
