Operations Management An Asian Perspective Solution

Operations Management An Asian Perspective Solution

The constraints and challenges South Asian NGOs face are excessive governmental control, project-based culture and, more importantly, they lack a proper management system and model of their own. To cope with management problems, NGOs are heavily dependent on corporate sector management, which, most of the time, negates the values of this sector.

Operations Management: An Asian Perspective By William J ...

The goal of operations management is to maximize efficiency while producing goods and services that effectively fulfill customer needs.

Operations is one of the three strategic functions of any organization. Operations decisions include decisions that are strategic in nature, meaning that they have long-term consequences and often involve a great deal of expense and resource commitments.
