In Renaissance Italy, shopping was fraught with possibilities of sin. One Lenten sermon reminded hearers that shopping involved misuse of the time God had sacredly granted us, and involved usury. Merchants would habitually do such things as claim their goods were better than they actually were, perhaps even swearing oaths in verification, or they would use false measures.

**Shopping in the Renaissance: Consumer Cultures in Italy** - Shopping was as important in the Renaissance as it is today. This fascinating, timely and original book breaks new ground in the area of Renaissance material culture, focussing on the marketplace in its various aspects, ranging from middle-class to courtly consumption and from the provision of foodstuffs to the acquisition of antiquities and holy relics.
