health and wellbeing, the SLL warns that research in this area is still very limited and the existence of beneficial effects due to changing the colour and level of electric light during the course of a day has yet to be unequivocally demonstrated.

### CIBSE - Building Services Knowledge

The SLL Lighting Handbook is a true labour of love. It draws from the well of talent and experience that is the UK lighting industry. The handbook is being produced under the leadership of Paul Ruffles, ex-chair of the SLL Technical and Publications Committee, with voluntary contributions from around 100 people writing, editing and peer-reviewing chapters.

A new SLL Lighting Handbook for 2018 - Lux Review  
The new SLL Lighting Guide 2 – Lighting for Healthcare Premises (LG2) has more than eight pages of numerical criteria for lighting these varied spaces. This is more than any other sector-specific SLL lighting guide, and reflects the complexity and diversity of these environments.

Alight and well: lighting for healthcare environments ...  
The first covers various design aspects of lighting, the second covers important areas of lighting technology and the third a big section covering specific applications in the field of interior and exterior lighting. With this range it is hoped that the Handbook will guide the reader from initial design decisions, through selection of appropriate technical solutions, and then
