The fifth book in the George Lucas-curated 'Star Wars Art' series, 'Posters' collects the best artwork from all six 'Star Wars' films, the 'Star Wars: The Clone Wars' animated television series and limited-edition prints.

Examines the development of the fantastic worlds, characters, and creatures of "Solo" through concept art, costume sketches, storyboards, blueprints, and exclusive interviews with the filmmakers.

Star Wars and sequential art share a long history: Star Wars debuted on the comic-book page in 1977, when Marvel Comics began publishing a six-part adaptation of the first film, which morphed into a monthly comic book. Now, more than three decades later, new series by Dark Horse Comics continue to expand the Star Wars galaxy. The second book in the *Star Wars Art* series, *Star Wars Art: Comics* brings together the very best artwork from the entire history of Star Wars comics publishing, showcasing original art from the top comics artists working in the industry. Hand-selected and curated by George Lucas, the art featured in this volume includes interior pages and fully painted covers from artists such as Al Williamson, Howard Chaykin, Adam Hughes, Bill Sienkiewicz, Dave Dorman, and many more—as well as new work created exclusively for this book by over 20 renowned artists, including John Cassaday, Sam Kieth, Mike Mignola, Paul Pope, Frank Quitely, Jim Steranko, and other comics superstars. *Star Wars Art: Comics* is a tribute to sequential storytelling, a worthy and justly celebrated art form. Praise for *Star Wars Art: Comics*: “George Lucas has left no medium unused, as this visually arresting compendium proves.” —*Entertainment Weekly*
